

Price List Utilities

For Dynamics CRM 2013

Price List Utilities

- Price List Utilities is an easy to use tool that helps maintain your company price lists.
- Price List Utilities is an add-on application specially designed for Microsoft Dynamics CRM.
- Written in Silverlight it seamlessly integrates with the latest version of the Microsoft Dynamics CRM 2013
- Packaged as managed solution is fully compatible with all types of the deployment (on-premises, live).

The screenshot shows the Microsoft Dynamics CRM 2013 interface. The top navigation bar includes 'Microsoft Dynamics CRM', 'SETTINGS', and 'Product Catalog'. The 'PRICE LIST UTILITIES' menu item is highlighted. Below the navigation, the 'Active Price Lists' section is visible, showing a list of price lists with columns for Name, Currency, Start Date, and End Date. A modal dialog box titled 'Welcome to the Price List Utilities 2013' is open, displaying a list of wizards to complete. The dialog box has a title bar with 'Choose a wizard to complete.' and a list of options:

- Add Price List Wizard**
Add new price list items to your price list.
- Update Price List Wizard**
Update existing records in your price lists.
- Copy Price List Wizard**
Copy existing price list to your other products.
- Remove Price List Wizard**
Remove existing records from your price lists.
- Import Price List Wizard**
Import or update product price list from a flat file.
- Export Price List Wizard**
Export product price list to a flat file.

At the bottom of the dialog box, there are three buttons: 'Cancel', 'Back', and 'Next'.

Price List Utilities

- With its intuitive wizard driven interface you will be able to:
 - ✓ add new price lists to multiple products
 - ✓ update pricing information globally (by percentage or fixed amount)
 - ✓ copy price lists from one product to multiple products
 - ✓ remove price lists
 - ✓ import or update price lists from a flat file
 - ✓ export price list to a file which can be used later as a source for import
- And all of it requires just few simple steps, available directly from Microsoft Dynamics CRM interface
- No client or server side installation needed.
